

# EXCELLENCE IN SERVICE

FCAB handles its clients' freight from point of origin to final destination with the highest quality service and has made the commitment to offer its clients a safe, reliable and timely solution that inspires confidence at every stage of the process.

FCAB's main clients are large mining companies.

The company transports a number of products including sulphuric acid to SCM El Abra, Minera Gaby, Minera Escondida, Cerro Dominador, Minera Zaldívar,

Minera El Tesoro and Minera Spence, as well as cathodes from Chuquicamata, anodes from Altonorte, mineral concentrates from Minera San Cristóbal and other Bolivian mines and interchemical solvents.
